Use This Checklist To Prepare Your Vehicle For Shipment

Please print this and keep this for your records to assure that the requirements to ship your vehicle have been satisfied

- Ensure you make available, set of keys for the auto shipping company and have to yourself a complete set of those keys
- Settle for an enclosed transportation if you are shipping a classic, custom, exceptional, glamorous, or otherwise luxurious vehicle. The extra cost won't be regretted.
- Tidy your vehicle before a deposit to guarantee your car is perfectly examined. Also ensure that there is a clear documentation of your car bodily state.
- Be sure that your car's battery is securely mounted and completely charged.
- Open places in your vehicle should be examined in case of fluid leak; oil, transmission fluid etc.
- The alarm in your vehicle should be disabled or detached
- Change the oil, coolant and some other fluid in the vehicle, in preparation for a new climate
- The car's antenna should be detached and/or withdrawn.
- Special things inside your automobile should be detached
- Ensure your gas tank is driven down to at least ¼ of the automobile
- Your auto shipper should receive a complete set of keys which include; ignition, doors etc.
- Garage door openers, car phones, audio equipment and other items that are not built into the vehicle should be removed.
- Unless otherwise noted, vehicles that are factory stock cannot exceed certain height or clearance. All vehicles must have 6 ½ inches of ground clearance. Otherwise, we may be unable to accept your vehicle for a regular trailer which may increase your estimated rate.
